Proceedings of the meeting of the Special Sub Committee of the Central Recruitment Board held on Monday the 27th July 1931 at 3 P.M.

Present.-

F.A.Hamilton, Esq., C.I.E.,
Inspector General of Police in Mysore (Chairman)
R.Ranga Rao, Esq., B.A., B.L.,
Sylvester Pais, Esq., B.A.,
D.S.Mallappa, Esq.,
H.B.Gundappa, Esq., B.A., B.L.,
Charles E.Noronha, Esq., M.A. Secretary.

The note furnished to the members to form the basis of discussion of the Committee for the improvement of the present method of recruitment was taken up for discussion.

There was a general and informal discussion on the existing system of recruitment both here and elsewhere.

The General Secretary, at the outset, observed that much of the work of the Central Recruitment Board might be reduced by delegating some more powers to the appointing authorities in the matter of recruitment.

Messrs D.S.Mallappa and H.B.Gundappa thought that such an arrangement would entail virtually the entrusting of powers of appointment to the local authorities, so far as selection of candidates from the districts was concerned. If the Central Recruitment Board had to approve only of candidates selected by local authorities to make appointments as they liked and not in conformity with the rules of recruitment.

There would be an opportunity for the local authorities

It was, however, explained by the General Secretary that no apprehensions need be felt in that direction as strict instructions would be issued to local authorities not to ~~xxxxx~~ deviate from the recruitment rules.

The main subject, the discussion of which was a comprehensive one, was ~~xx~~ the rotation system of recruitment as suggested in the Note viz., XI) (v).

"Whether the existing rules regarding Special and General vacancies be abolished and recruitment by rotation on some such basis as noted below be substituted:-

1. Non-Brahmin Hindu
2. Mahomedan
3. Non-Brahmin Hindu
4. Anglo Indian or Christian
5. Brahmin
6. Non-Brahmin Hindu
7. A member of other communities
8. Non-Brahmin Hindu
9. Mahomedan
10. Non-Brahmin Hindu
11. Anglo Indian or Christian
12. Brahmin.

Messrs D.S.Mallappa and H.B.Gundappa pointed out the inconvenience and injustice likely to be caused by such a system. They feared that each community would not derive the full benefit of recruitment. They were, therefore, of the opinion that the number of appointments may be fixed once for all so that each community may be assured of a definite number of posts. They added that this should be done according to the population and

and qualification basis, and also suggested certain additions to the above list including Vaisyas and Lingayets. The General Secretary pointed out that there would be a number of difficulties arising out of this arrangement as the list would be very long and cumbersome if every community were included in it. He said that the above suggestions were made only to increase the percentage of non-brahmins in service, but that the modification proposed would not be of advantage to the different communities.

Finally, as the question of the representation of all communities in service was a very difficult and complicated one, the non-official members were requested to meet together, discuss all the details and suggest a workable scheme so as to satisfy all the communities, for the consideration of the Committee at its next meeting

XI. "(1) whether the appointments to the communities selected for Ministerial and Executive services should be classed separately for purposes of recruitment."

The non-official members agreed to the general principle.

"(2) Whether the existing classes of appointments with the existing general educational qualifications required for the several classes may be maintained."

The members agreed to the above-

"(3) Whether the exemptions from the [illegible] rules should be eliminated save in the case of appointments requiring technical knowledge, as in the Railway and Electrical Departments and the Government Press, and then only in cases of posts where technical knowledge is essential."

The General Secretary said that the object was only to get more non brahmins in service.

"(4) Whether transfer from an appointment in one department to that in another should be regarded as direct recruitment in any case

Mr. D.S. Mallappa said that there should be no objection to people in one department being transferred to another if they thought that they could get permanent posts and promotion by such transfer. After some discussion he suggested that discretion may be left to the Heads of Departments concerned.

"(7) Whether in making temporary appointments the order of communal representation should be followed as far as possible."

The consideration of this question was deferred, pending receipt of proposals regarding recruitment by rotation.

"(8) Whether appointing officers should select candidates from the District to which the candidate selected is to be appointed or Whether candidates should be selected ffom the General list.

The non-official members were of opinion that selection from Districts may be done as far as possible.

"(9) Whether approved candidates on appointment should be placed on probation."

Consideration of this point was deferred pending receipt of proposals regarding recruitment by rotation.

"(12) The Committee may further consider the constitution and functions of the Staff Selection Board, should be formation of such a body be proposed.

The Committee agreed to the formation of a Selection Board. During the course of the discussion the Chairman suggested that the Secretary to the Central Recruitment Board might be the Secretary to the Staff Selection Board.

Additional subject regarding filling up teporary vacancies occurring in the middle of a session by the University without advertisement through Central Recruitment Board.

Resolution:- Deferred to be brought up at the next meeting It was decided that the next meeting be held on the 10th August at 3 P.M. with the following agenda:-

Recruitment to service by rotation

Staff Selection Board, its constitution and functions etc.

The meeting terminated at 5 P.M.

~ generally approved the principle underlying the scheme proposed, the Revenue Court, but are of opinion that, in the pay the salary (or stipend) should not be more than Rs 25 p.m.

Board

may be ~~adopted in the~~ similar lines. —

It was further resolved that it may be suggested to Government that as soon as finances permit this modest scheme may be tried in the Revenue Department in the first instance.

4 Proposal of the Chief Engineer of Mysore to fill up the vacancies of Head clerks in his Department by promotion of officials in the lower grade, making available the vacancies of the taluk

Dear sir,

I am in receipt of a notice informing me that the meeting of the central recruitment board is fixed on the morning of the 5th September. Myself and Mr.Gundappagowda will be in bangalore on 2nd and 3rd in connection with the Irrigation Bill select committee. After that at an interval of only one day this meeting comes off. It is rather inconvenient for us to go and come back so soon. It is not possible for us to stay there only till 5th as it seriously inteferes with our private business. Under these circumstances you will be helping us a good deal if you can kindly see your way to postpone the meeting. Since there are some important matters on the agenda there is a desire on our part to be present at the meeting. As it is inconvenient for the moffussil members of the board the date may kindly be changed. I have no objection for the morning of 8th, 9th &c. I trust that this request will be kindly granted.

My dear sir,

I have today received a letter from the Secretary to Recruitment Board stating that the Special Sub-Committee meeting of the R.C. is fixed for 4th to avoid us (myself and Mr. H.S.Gundappagowda) the trouble of going back to our places and coming back to Bangalore again on 5th. This is a very nice kind of relief and I amuse very much over it. The difficulty is that we, non-officials, are to earn our bread by some work or the other. We cannot get our bread unless we at least devote some time for it. If we are to keep engaged in the public business alone throughout the week what should become of our business? I may tell you, sir, that so far as I am concerned if I stay on 4th and 5th also in -- Bangalore I will be away from my business the whole of this week. On 30th of August I had one school opening ceremony, on 31st District Board work, on 1st i.e. today I have Assembly subjects selection meeting, on 2nd and 3rd Irrigation Bill. If on 4th and 5th Recruitment Board is to take place the full week will have been occupied by public work. Added to this I had District Board tours for 3 days previous to 30th. Thus for complete ten days I will be absent from my business. Please imagine how a man can carry on a business, which is the main source of his living, if he attends to it only 3 or 4 days in a month. I only wish while fixing meetings due regard should be had to the convenience of the non-officials. For more than 2 days at a time, it is very difficult for the non-officials, that too for those who are entangled in more than one public bodies, to be out of their head quarters. I trust full sympathy will be felt for their
